Thanks Mike. Right now we are working on a similar site in Niagara County that has a larger area of contamination in public spaces. At HTC, we put a temporary fence around the areas we plan to eventually remove. That is about it.

Eric I plan to attend this meeting in Lewiston, NY as per our agreement some weeks ago. If you have anything specific for me to impart on these folks about your testing/future thoughts for the site let me know. Thanks - Mike!

Subject: USEPA-Holy Trinity Cemetery

Good Evening Carole:

I am based out of New Jersey and periodically perform site work in Niagara Falls, NY. I will not be in Niagara Falls on June 20, 2016. However, our public affairs official for the Niagara Falls County will be able to attend. His name is Michael Basile and he is copied to this email. His information is below.

I have also been communicating with other Town of Lewiston officials. Town Supervisor Steve Broderick, Building Inspector Tim Masters and Chris McAuliffe and Code Enforcement Officer Chris McAuliffe. I am not sure if they are part of this environmental commission but I wanted them to be aware of this meeting and this communication.

Mr. Daly,

I am the secretary to the Town of Lewiston Environmental Commission. The Commission would like to meet with you, or a representative from the EPA, regarding the Holy Trinity Cemetery , 5401 Robert Street to obtain further information relative to the radioactive material found on the site as well as the proposed remedial cleanup.

The Commission invites you to its next meeting Monday, June 20 at 6:15 PM. Please advise me if you or a representative can attend.

Sincerely,

Carole Schroeder
